Adventure Day Camp is for You!

A special series of camps for young people at risk or dealing with behavioral challenges

Week 1: Ages 13-15 — July 11-15

Week 2: Ages 13-15 — July 18-22

Week 3: Ages 16-18 — August 1-5

Week 4: Ages 16-18 — August 8-12

The Acadia Hospital
268 Stillwater Avenue
Bangor, Maine 04401
973-7530

THE ACADIA HOSPITAL

Why Choose Acadia Hospital's Adventure Day Camp?

Our highly trained and qualified team, featuring certified recreational therapists, will teach life skills, team building, and leadership skills in a peer supportive environment using a hands-on, adventure based approach. Participation in daily activities will follow a "challenge by choice" method.

This approach allows participants to choose when, how, and with whom they want to participate, optimizing the learning experience.

We have some great facilities right on The Acadia Hospital campus including:

- Indoor Climbing Wall
- Outdoor Low Ropes Course
- Outdoor High Ropes Course
- Acadia Hospital Gymnasium
- Off-campus adventures are also planned

The program schedule will be Monday–Friday from 8:30 am to 4:00 pm daily. There will be morning and afternoon scheduled breaks and a lunch break. Lunch will be provided by The Acadia Hospital. Each day will begin with introductions and briefing of the daily activity schedule. The day will conclude with a debriefing and review of the daily programs.

What is the Criteria to Attend the Camp?

A young person who has a non-acute level of behavioral challenges and would benefit from the highly structured approach taken by Acadia Hospital camp staff.

Camp fee per person: $350

Space is limited, scholarships are available!

This camp is an activity-based camp led by trained staff. Participants must have medical insurance in case of injury.

Application Form
